Wilson  Staff

LOGO GOLF COLLECTION
2006

Making the right impression...

Corporate golf day, club tournament, sales incentive or team building - no matter what the event Wilson Staff offer a premium range of golf equipment that can be printed or embroidered to communicate your brand and message.

Wilson Staff golf equipment makes use of the latest fabrics and materials to deliver lightness and durability. Long recognised as one of golf's leading innovators, Wilson Staff premium golf balls incorporate unique technologies that will make your event or promotion one to remember.

Our printing techniques for balls and gloves offer full, four colour reproduction of your logo or emblem. Our modern print techniques and rigorous quality control ensures sharp and consistent results. Our bags and accessories can be embroidered in up to 15 colours to ensure crystal clear reproduction of your logo.

It's no accident that many of the world's most recognised brands chose Wilson Staff. Shouldn't you?

Wilson Staff Golf Balls

Golf Balls are the number one promotional item - choose from any of our premium range and create real impact with a variety of custom printed packs.

Tx4 TOUR BALL

For tour players and discerning amateurs who demand the ultimate in workability, the 4-layer Tx4 fits the bill.

12 Ball Package

Px3 PERFORMANCE BALL

Players get maximum distance and soft feel as well as green-holding performance from the 3-layer construction of the Px3.

12 Ball Package

Dx2 DISTANCE BALL

The 2-layer construction of the Dx2 offers higher, straighter flight and soft, premium feel.

12 Ball Package

Lx2 LADIES' BALL

The Lx2 offers a distinctive, pearlescent cover that sparkles like your game.

3 Ball Sleeve

CUSTOM PACKAGES

To add the finishing touch full colour personalised three ball sleeves and dozen ball packs can be specified.

Keep valuables safe and protected out on the course.

WILSON STAFF TOWEL

Keep your clubs clean and dry with this high-absorbency cotton towel.

WILSON STAFF CAP

A simple classic with a 50mm space for your logo.

How the process works

Our state-of-the-art graphics facility will deliver true and impactful reproduction of your logo, whether printed or embroidered.

TECHNICAL REQUIREMENTS

A good clean copy of your logo is needed, a high resolution mac formatted electronic file is best. An alternative would be good quality flat paper artwork in the form of a letterhead, business card or scorecard for example. We are unable to use embroidery swatches to create artworks.

Please supply PMS colour references if you have them, if not we will match as close as possible. Specific typestyles should be clearly indicated. If specific fonts are to be used, please provide the font(s). Once again if you do not know them, we will re-draw as close as possible.

ELECTRONIC FILES:

Wilson Custom Imaging uses state-of-the-art digital imaging systems to create and manipulate electronic art files. It operates on the Macintosh platform, but can accept a variety of files formats from the PC/Windows platforms. For best results, follow these guidelines:

- Send complete files including all placed images and fonts.
- Send hard copy of what the finished art should look like.

PROGRAMS SUPPORTED:

- Adobe Photoshop • Adobe Illustrator • Adobe Acrobat

FILE FORMAT:

- EPS • TIFF • JPEG • BMP • PDF

REMOVABLE MEDIA:

- CD ROM • ZIP

Once your artwork is drawn we will send an e-mail pdf version of your logo, along with an actual size version of your logo. If you do not have access to e-mail we are also able to fax a copy to you.

SIZES OF LOGOS AVAILABLE

Balls:

Gloves:

Your logo can be printed in these positions on the ball:
